Enterprise Series

GRAPHICAL DESIGNER

The graphical **NiceLabel Pro** label designer of **NiceWatch Enterprise Business Connector** is a crucial component in any labeling operation. Too often overlooked, a graphical designer brings with it customer independence in label design and adjustment. With a well-designed intuitive user interface, the graphical designer not only offers the user the ability to design labels, but the capacity to do so without much additional staff training or associated expenses.

MAINTENANCE AND MANAGEMENT

NiceWatch Enterprise Business Connector is a server application, functioning as a single gateway for all printers with one installation and a single maintenance location.

It includes a detailed overview and control of the whole printer network, as well as executive reports, which help you optimize the use of printing resources and identify error-prone locations.
